October 2008

Carcinogenesis and Public Health

Journal of Carcinogenesis likes to provide a platform to researchers, policy makers as well as public health activists to share the results of their research or their view points. Journal of carcinogenesis likes to invite targeted manuscripts that deal with multiple aspects of "carcinogenesis and public health". Please submit your manuscript to the journal for a prompt review. Dr. Farid Saleh is the lead editor for this section and can be contacted at fred@hsc.edu.kw. For more details please visit <http://www.carcinogenesis.com/jcph.asp>

Mark your Calendar

Carcinogenesis Foundation will be organizing one day symposium "Frontiers in Carcinogenesis and Carcinoprevention Research" on 24 April 2009. Details will be available soon.

Lung cancer awareness Month

Journal of carcinogenesis is soliciting original research and review articles in the field of lung carcinogenesis to mark November as lung cancer awareness month. Please contact editor@carcinogenesis.com for further details. Of special interest will be manuscripts that address second hand smoke and carcinogenesis and lung carcinogenesis in women.

Article Processing Charges

Journal of Carcinogenesis is committed to publish high quality articles. Carcinogenesis Press assures the authors that good research is published in the journal of Carcinogenesis regardless of the ability of the authors to pay the processing charges. Articles communicated by any member of the editorial board, will receive 50% discount on article processing charges and will be reviewed on a priority basis. Before submitting your MS via manuscript management system, please send your manuscript along with a cover letter requesting the board member to communicate your MS to JC. Please cc editor @ carcinogenesis . com on your correspondence with the editorial board member. For details, please visit <http://www.carcinogenesis.com/discountsonapc.asp>
